Dear Plan Participant,

Saving for retirement is an important key to a secure future, whether you plan to retire soon or many years from now. By offering the Marvell Semiconductor 401(k) Retirement Plan (the "Plan"), Marvell Semiconductor, Inc. ("Plan Sponsor") is helping you build savings for your retirement. The term "Plan Sponsor" used in this notice refers to the Plan Administrator who has the fiduciary duty to provide these disclosures to you (the "Participant").

This notice is required to be provided to you by your Plan Sponsor and is intended to help you understand your retirement plan, including its fees and expenses, and the investments that are available to you so that you can make informed decisions about how to direct your individual plan account.

Your Plan Sponsor directed Schwab Retirement Plan Services, Inc. ("SRPS") to provide you this enclosed report on its behalf. The first section of the report outlines your investment options, related expenses, and comparisons to applicable benchmarks, the second section offers information about managing your account, and the third section explains the fees and expenses you may incur. This report is designed to be as simple and easy to understand as possible. You'll receive an updated version of this report at least once every year.

To make changes in your account, obtain more information about your investments or find out more about how you can save for retirement, visit workplace.schwab.com or call us at 800-724-7526 (en español 1-877-905-2553). We're here Monday - Friday from 7 a.m. to 11 p.m. Eastern Time and are happy to help you. If you prefer to contact us in writing, please mail your request to Schwab Retirement Plan Services, Inc., P.O. Box 5050, Richfield, OH, 44286. The information at workplace.schwab.com is available free of charge as a paper copy at your request.

Sincerely,

A handwritten signature in black ink that reads "Catherine Golladay". The signature is written in a cursive, flowing style.

Catherine Golladay
Vice President, Participant Services

Marvell Semiconductor 401(k) Retirement Plan

June 2018 Fee and Investment Notice

INSIDE:

- Your Investment Options
- Managing Your Account
- Plan Fees and Expenses

Marvell Semiconductor 401(k) Retirement Plan FEE AND INVESTMENT NOTICE

Whether you have adequate savings at retirement depends in large part on how much you choose to save and how you invest your savings. This report outlines the Designated Investment Alternatives (throughout this report referred to as investment options or just options) available to you in the Plan, provides some account management information, and explains the fees and expenses that may apply to your account.

Learn more Investing has a language all its own. If you run into a word you don't know, check out the glossary of financial terms at workplace.schwab.com.

You can find more details about your Plan in the Summary Plan Description. For a copy, call 800-724-7526 (en español 1-877-905-2553) or send your request to Schwab Retirement Plan Services, Inc., P.O. Box 5050, Richfield, OH, 44286.

PART 1: Your investment options

As a Participant in the Plan, you may be able to create your own investment portfolio by choosing one or more of the Plan's investment options. The chart below shows each option's past performance at selected intervals and lists any fees, expenses, and restrictions specific to that product. Keep in mind that an option's past performance doesn't guarantee that it will grow or make money in the future. Most investment products are not insured the way bank accounts are, and they can lose money. Always research all your options carefully before investing.

Performance Information

Investments with Market Risk. The following table focuses on the performance of investment options that do not have a fixed or stated rate of return and entail market risk. This shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Information about an option's principal risks is available at workplace.schwab.com.

Investment products: are not insured by the FDIC; are not a deposit or other obligation of, or guaranteed by Charles Schwab Bank ("Schwab Bank"); and are subject to investment risks, including possible loss of the principal amount invested.

Performance data quoted is past performance and is no guarantee of future results. Current performance may be lower or higher. Investment return and principal value will fluctuate, and shares, when redeemed, may be worth more or less than original cost.

Operating Expense and Shareholder-type fees and Restriction data for each fund are as of the most recently available prior month end.

Data provided by Morningstar, Inc. at www.morningstar.com or by fund providers, your Plan Sponsor or their consultant.

* Operating Expenses are actual expenses (as stated in the fund's prospectus) paid indirectly from your investment in this option each year. They are expressed as a percentage of the value of your investment in the option (expense ratio) and as a value for each \$1000 invested in the option. To estimate the annual total dollar impact on your account, multiply the Operating Expense per \$1000 by how many \$1000 increments you hold in the fund. The gross expense ratio is the actual fund expenses as stated in the fund prospectus. The net expense ratio is the net fund expenses after any expenses were waived and/or partially absorbed by fund management.

** **10yr/Life** - For funds whose Inception Date is less than 10 years ago, the performance shown may be past performance for the period beginning with the inception date of the fund through 5/31/2018 for the fund and its benchmark. Adjusted historical returns are provided for some funds if the share class in the Plan has been available for less than 10 years and there is another, older share class for the same fund. This means that any share class that doesn't have a 1, 5-, or 10-year performance history may report hypothetical returns based on the oldest surviving share class of the fund and it may be based, in part, on the performance of a predecessor or parent fund. Extended performance is an estimate based on the performance of the fund's oldest share class, adjusted for fees but net of any fee or expense limitations or waivers. If the share class shown had been available during any period prior to its inception, performance shown may have been different.

† Shareholder-type fees are fees paid directly from your investment in this option, which may not be reflected in the Operating Expense shown above (such as administrative fees, sales loads, sales charges, deferred sales charges, redemption fees, exchange fees, account fees, purchase fees, transfer or withdrawal fees, surrender charges, contract maintenance fees, and mortality and expense charges).

Marvell Semiconductor 401(k) Retirement Plan

FEE AND INVESTMENT NOTICE

†† See Notes About Funds and Accounts at the end of this report.

Fees and expenses are among the many factors to consider when you decide to invest. Investment fees and expenses may fluctuate each year and over time may substantially reduce the growth of your account. You can visit <https://www.dol.gov/agencies/ebsa> for an example of the long-term effects of the fees and expenses.

UNDERSTANDING BENCHMARKS

A benchmark is a tool used to compare performance. To help you evaluate the performance of your Plan's options, we've included one or more indices for you to use as benchmarks. An index measures the performance of a group of securities chosen to reflect a certain segment of the financial market. Many indices have been created to track many different segments of the market. Indices cannot be purchased directly. They are simply measures of market performance. Well-known market indices include the Dow Jones Industrial Average, the S&P 500, and the Nasdaq Composite.

SELF-DIRECTED BROKERAGE ACCOUNT (Schwab Personal Choice Retirement Account®)

In your Plan, you also have the option of opening a self-directed brokerage account. This kind of feature makes it possible for you to invest some or all of your contributions in investments available through Charles Schwab & Co., Inc. ("CS&Co.") brokerage services. These investments may include individual stocks, bonds, and mutual funds according to your Plan Sponsor's election. Even though a Schwab Personal Choice Retirement Account® ("PCRA") allows for a broader array of investments than you may have available to choose from in your Plan's core fund line-up, not all types of investments are available. PCRA can not include trading on collectibles, currencies, precious metals, real estate, futures, commodities, private placements, options, margin accounts or short sales. There is no minimum balance requirement, however some investments may require a minimum initial purchase amount. For additional details on PCRA investment and trading restrictions, please see below. If you choose to invest a portion of your account in the self-directed brokerage option, you are responsible for monitoring and reviewing the investment choices you've made. You can manage a PCRA account and provide investment instructions at www.Schwab.com or by calling the number shown below. Applicable trading fees and restrictions will apply, along with other individual fees. You'll find a list of brokerage fees in the CS&Co. Pricing Guide for Retirement Plan Accounts you receive when you open an account and at workplace.schwab.com. Prior to placing a trade, you can ask a PCRA representative about any fees, including fees not described in this disclosure, associated with the purchase or sale of a particular security by calling the number below. Actual amounts charged to your brokerage account will be listed on your transaction confirmations and periodic brokerage statements you will receive for your PCRA. If you have questions or concerns about your self-directed brokerage account, please call 888-393-7272.

The table below outlines additional restrictions that may apply to PCRA in your plan:

ACTION	CATEGORY	LIMITATION
Transaction Restrictions	Limited Partnerships	Are not permitted
	Specific Investments	You may not transact in the following: MRVL MARVELL TECH GROUP F

PART 2: Managing your account

To make changes in your account, obtain more information about your investment options, or find out more about how you can save for retirement, visit workplace.schwab.com or call us at 800-724-7526 (en español 1-877-905-2553). Participant service representatives are available Monday - Friday from 7 a.m. to 11 p.m. Eastern Time and are happy to help you. If you prefer to contact SRPS in writing, please mail your request to Schwab Retirement Plan Services, Inc., P.O. Box 5050, Richfield, OH, 44286. The information available at workplace.schwab.com is available free of charge as a paper copy at your request.

RETIREMENT PLAN ADVICE

Your Plan offers retirement plan advice provided by GuidedChoice®, an independent registered investment adviser. This advice service is available via the Plan website or with a Schwab Advice Consultant. You can access advice any time. If a life event occurs this may be a good time to re-evaluate your financial situation by accessing advice. GuidedChoice® includes retirement plan fund-specific advice and savings recommendations to help you reach your retirement goals.

RESTRICTIONS

You can change your investment elections for future contributions at any time. You also can request a transfer from one option to another as permitted by the Plan and subject to prospectus requirements.

Voting Rights

You will not have the right to exercise voting, tender, and similar rights with respect to the investment options in the Plan.

Risk Reduction

To help achieve long-term retirement security, you should give careful consideration to the benefits of a well-balanced and diversified investment portfolio. Spreading your assets among different types of investments may help you achieve a favorable rate of return, while minimizing your overall risk of losing money. This is because market or other economic conditions that cause one category of assets, or one particular security, to perform very well may cause another asset category, or another particular security, to perform poorly. If you invest more than 20% of your retirement savings in any one company or industry, your savings may not be properly diversified. Although diversification is not a guarantee against loss, it is an effective strategy to help you manage investment risk. Diversification strategies do not assure a profit and do not protect against losses in declining markets.

In deciding how to invest your retirement savings, you should take into account all of your assets, including any retirement savings outside of the Plan. No single approach is right for everyone because, among other factors, individuals have different financial goals, different time horizons for meeting their goals, and different tolerances for risk.

It is also important to periodically review your investment portfolio, your investment objectives, and the investment options under the Plan to help ensure that your retirement savings will meet your retirement goals.

**Marvell Semiconductor 401(k) Retirement Plan
FEE AND INVESTMENT NOTICE**

PART 3: Plan fees and expenses

To support making the Plan available to you, your account may be charged (your balance may be reduced by) administrative fees for recordkeeping, accounting, legal, and other plan services. Some fees may be shared proportionately among all participants in the Plan. Individual Fees are your responsibility and typically occur when you make certain transactions. Plan Administrative Fees may fluctuate each year and over time may substantially reduce the growth of your account.

Your quarterly benefit statement details any fees except PCRA fees deducted from your account for the preceding quarter. You also can review any charges to your account by looking at your transaction history in the Activity section of workplace.schwab.com and information you receive for your PCRA account.

Plan Administrative Fees

Plan administrative fees may include those expenses related to the administration of the plan such as recordkeeping, legal, accounting, trustee, and other expenses.

Trust, custody, and recordkeeping fees are .045% of Plan assets (excluding PCRA and loan balances) per year. Fees paid by the Plan for trust, custody, and recordkeeping services are deducted from your total account in the Plan proportionately based on the amount of assets held by each participant (i.e., pro-rata). Trust, custody, and recordkeeping fees are applied quarterly.

Individual Fees

Individual Fees based on transactions you make are charged at the time of the transaction. Outlined below are the individual Fees you may be charged for transactions you request from the Plan:

INDIVIDUAL FEES AND EXPENSES	
Loan Establishment Fee	\$75
Qualified Domestic Relations Order Determination Fee*	\$1,000

* A Qualified Domestic Relations Order (QDRO) is a judgment, decree or order made pursuant to a state's domestic relations or community property law and relating to the provision of child support, alimony or marital property rights to a spouse, former spouse, child or other dependent of a plan participant.

In addition to the above, if you open a PCRA account, applicable trading fees and restrictions will apply, along with other individual fees. You'll find a list of brokerage fees in the CS&Co. Pricing Guide for Retirement Plan Accounts you receive when you open an account and at workplace.schwab.com.
